Bridgeworth, LLC is a Registered Investment Adviser.

### DECIDE TO OWN YOUR FINANCIAL FUTURE

Everyone has a financial plan, whether it has been carefully and thoughtfully planned out, or it is just happening by accident. Deciding to own and be intentional about your financial future is the first step to having greater peace of mind. Once you make that decision, we can help you get on the path toward making your goals a reality.

### ONE-SIZE-FITS-NONE™

You are the only "you" there is. Your financial plan has to be as unique as your fingerprint.

### START AN ONGOING CONVERSATION

It is true that a woman with a purpose is unstoppable, but even the most high-achieving among us needs a good sounding board. Having someone to really listen to you and ask the right questions can help bring your purpose, values, and goals into sharper focus.

We realize that revealing your entire financial life to another person is not something you do every day, so it is reassuring to know that the guidance and clarity your advisor provides comes with zero judgment and zero pressure. And, you can be confident in the fact that your advisor is bound ethically to act solely in your best interest.

As the conversation continues, you will make all of your financial decisions. Our role as your financial advisor is to keep you focused and informed on the choices available to you so that you understand how every financial choice you make impacts your goals.

### FINANCIAL PERSONAL TRAINERS

To put it plainly, our role is to listen to you and gain a complete understanding of what you want your future to look like, and then, coach you all the way there. In fact, that is the best way to think about our role. We are personal trainers who encourage and coach you into a better financial future.
